

## Question Sheet 38: Who am I?

Student name: \_\_\_\_\_

Teacher: \_\_\_\_\_ Class: \_\_\_\_\_

Adolescence is a time of change, exploration and discovery. Young people struggle to establish an individual identity while simultaneously striving to belong to a group who shares their interests, but even more importantly values them. Issues surrounding the formation of identity are at the core of the concerns in **Lockie Leonard** and are explored in this section.

In Episode 18, Lockie Leonard's English teacher asks the students to make a speech answering the question: *Who would you be?*

1	List the different identity roles Lockie takes on during the TV series? <i>Also record these on an Identity Wheel (<b>Worksheet 27: Identity Wheel</b>) and refer to the sample which identifies Vicki. If you are only watching a few episodes, base the Identity Wheel on those episodes only.</i>	
2	How do these different roles affect the way Lockie behaves, dresses and even talks?	
3	Can you identify the different roles you play in your life and how these affect your behaviour, appearance and language?	
4	How does Lockie eventually answer this question? How would you?
