

Worksheet 25: Anthology

Student name: _____

Teacher: _____ Class: _____

Find between 5 and 10 inspirational and uplifting poems and songs that might help a person through tough times and motivate them to keep trying. The song list could be taken from popular music charts and you must search for the lyrics. These song lyrics/poems will be gathered into a class anthology or a class website or presented in a personal folder/booklet.

Alternatively, find MP3 versions of the songs (be careful not to infringe copyright) and make up your own play list of inspirational songs for your personal compilation.
